The Maine Forest Service is dedicated to the conservation, protection, and enhancement of Maine's forests and forest-based economy through promoting informed decisions about the forests of today and tomorrow. We work to protect the resources and values of Maine's forests by developing and implementing forest education, outreach, protection, monitoring and planning programs.

The production of the enclosed **2000 Seasonal, Hobby, Custom Sawmills List** is one of the many ways the Maine Forest Service helps individuals make informed decisions. This information can build awareness and establish communication between mills, loggers, and landowners to best utilize their trees before they begin harvesting. This information can also assist individuals in locating mills that produce specific secondary forest products.

The Maine Forest Service continues to work for the citizens of the State of Maine through our conservation, protection, and enhancement of the state's unique character and forest-based economy. If you have any questions or comments regarding this publication or any other areas of forestry, please contact us at the telephone number below or stop by one of our local field offices. We'll be glad to assist you.

Sincerely,

Thomas C. Doak
Maine Forest Service, Director

To: Readers of the 2000 Primary Processor Mill List

From: Peter R. Lammert, Utilization Forester

Date: March 27, 2000

During the summer of 1999, the Maine Forest Service distributed a blue 11" x 17" survey to every sawmill that we had in our database. Not every mill responded to this survey.

We divided the survey responses into two groups of Primary Processors: those mills that operate year round and the rest as Seasonal, Hobby, and Custom Sawmills. Enclosed is the list of Seasonal, Hobby, and Custom sawmills that responded to our survey.

If you find errors in our production of this information, please contact us, and we will correct the error before a reprinting is made. We will try to update this information every other year.

Please use the form below to send in your corrections or requests:

Additional copies can be downloaded from the Maine Forest Service website:
